HEAVY JUDGMENT FOR JOHN JONES

Verdict of \$6000 Against the Street Railway Company for Injury Inflicted Upon Plaintiff.

Judgment for \$6000 damages was awarded to John Jones in his suit against the Consolidated Rallway and Power company by the jury which returned a sealed verdict in the District court yesterday. The plaintiff sought to recover \$15,100 for personal injuries sustained while in the employ of the defendant company as a conductor. It was alleged in the complaint that the plaintiff on October 14, 1991, was thrown from his car and severely in-jured, the accident being due to alleged negligence of the defendant.

LEWIS AND JOHNSON PLEAD NOT GUILTY

Ed Lewis and Carl Johnson, charged with grand larceny for the theft of \$200 from Domenico Massa on March 4th, entered pleas of not guilty to the informations against them in the District court yesterday. The trial of the case was set for Monday, March 21st and Attorney Russell C. Schulder was appointed by Judge Morse to de-fend the prisoners.

In another information Lewis was charged with burglary for the alleged theft of some goods from a room in the Occidental lodging-house on March 2nd. His plea was not guilty and the trial of the action was set for the same time of the action wa

SUITS TRANSFERRED TO FEDERAL COURT

John C. Dugan filed suit yesterday in the Federal court to foreclose on securities held by him for a loan of \$23,-000 made in 1902 to the Bingham and Eastern Copper company.

The suit was originally filed in the

Third District court, but was yesterday transferred to the United States Circuit court in equity.

Edward B. Grover, as receiver for the North American Savings, Loan and Bullding association, began suit yesterday to have the affairs of the above company closed up in accordance with the decrees handed down in the principal suit which was brought in Minne-

The suits were brought against Rose A. Hall and William P. Hart, and the plaintiff asked that a receiver be ap-pointed to collect rents and attend to the business until the period of redemption shall have expired.

Recently speaking of the Botha case he said that it was his belief that nothing further could be done for the prisoner under sentence, and that the law would almost certainly inflict the supreme punishment.

Under the laws of Utah the Sheriff of San Juan county will be obliged to come to the prison and take charge of the execution. The prison efficials are no more than custodians. In the case of Frank Rose the Sheriff of Sait Lake county will have to carry out the order of the court.

In case there is no executive elemency, or some legal interference, both of the prisoners now under sentence of death will be shot in the east court of the prison, at which time all of the prisoners will be locked in their cells.

There are but 300 men there at this time, members of the light artillery and these move about very much like they were suffering a great grief. The re-

The good taste with which some of the State's prisoners decorate their cells is a matter of considerable comment by visitors. Some of the little, narrow sleeping quarters are as fidy as a lady's boudoir. All kinds of dainty pictures and bricabrac can be seen and the beds are as ready spread as though some feminine hands had looked after them.

One thing at the State prison that speaks for the management and the healthfulness of the place is the absence of sickness. There has not been a prisoner in the hespital in months and there is not at this time a single convict on the sick list. This, too, out of a population of a few short of 20.

Charles Botha feels that he has not been given a fair shake by the newspapers. He says that prejudice and misrepresentation has entered into his case until it is impossible for the people to take an honest view of it. Botha hopes to obtain a new trial for his life but how that end will be reached he has no idea. He now declares that he did not intentionally kill his wife but he maintains that he was fully justified in killing her friend. An attempt will be made to secure his release through the operations of a writ of habeas corpus. As a labor organization town Salt Lake is making some material strides. It is said that within the year there will be, almost if not quite, a doubling of the present membership. The Federation of Labor hall is becoming a busy place and it is said to have attracted much of the attention of the workingmen of the valley. "That building," remarked a member, "shows the man who toils that there is something substantial in our efforts to help him, and the result is that there is a growing disposition of the laborer to inquire into the organization plan." Deputy Warden Wright of the State prison, and one of the best prison officials in the West, has an organization in the prison of which he may well feel proud. He has for months, in fact, been the head of the prison, because of the long illness and the death of former Warden Dow. He has thoroughly informed himself on prison management, and the hermony and skill manifested at the prison shows that he is a very capable official.

How clever Senator Hoar must be to have been able to convince the Mormons and the protestants, at the same time, that he is looking after justice in the investignation. From the standpoint of each there is but one side that is just, but Senator Hoar has so conducted himself as to make the friends of Smoot, and those who oppose the junior member from Utah, feel that he is on the right side.

The first thought in remodeling the Constitution block, under the direction of the present owners, McGurrin & Co., investment bankers, was that governing all possible protection from fire. And, when completed, this fine office building will be as nearly fire proof as it is possible to make it. The heating plant is not in the building, but entirely away from it, in a separate building, so all danger from defective flues and other similar fire causes, has been absolutely eliminated. This is the only office building in the city where this is the case, that is to say, where there is no danger from the heating plant, no matter what may happen. The vaults on each floor for the use of the tenants are fire and burglar-proof, and any inflammable material used in the reconstruction of the block will be the minimum amount necessary in the improvements. I ask not one penny in advance or on deposit. I accept your word to pay me when cured.

I know the terrible mental torture of the nervous debility sufferer, but I also know his gratefulness when restored, and that is the basis for my free treatment until cured. Can any such sufferer come to me and be made a man among men, and then refuse to pay a few dollars for aiding him to become so? I say no, and my wonderful success backs up my judgment. I wish that every sufferer knew that the effect of Electricity upon the weak, debilitated man is the same as rain upon the parched field in summer. He may be debilitated from varicocele, losses, impotency; may have confusion of ideas; fear to act and decide; gloomy forebodings, timid and fretful; avoid friends and company; without confidence in himself to face the slightest responsibility, and let him properly apply Electricity for but a few hours and all these symptoms vanish-giving way to glowing, soothing vigor through every weak part. few weeks to a couple of months' use of this treatment

and as said, not one cent is to be paid me in advance or on deposit. Call or write and get the belt and use, say for 60 days, and if cured pay me price of belt only—many cases low as \$4—if not cured, return the belt and the deal is ended. But I know what the belt will do, and will take the risk of my pay when you are cured. I also give my belts on same terms in Rheumatism, Lame Back, Stomach, Kidney and Liver Complaints, etc. Think of a remedy that has stood every possible test for nearly 40 years—the only one ever successfully given to sufferers on its own merits!

As the originator and founder of the electric belt system of treatment my 40 years' success is the envy of many, and my belts of course are imitated. (What good thing is not?) I am therefore compelled to caution

you to not be deceived, as the genuine Herculex Dr. Sanden Electric Belt cannot be had anywhere on the coast except at office, as below. But my great knowledge to advise and direct my patients is mine alone, and cannot be imitated, and free to all who use my belt until cure is complete.
